ADVENTURE VACATIONS & ACTIVITIES

INTRODUCTION

Ontario offers many opportunities to experience a wide variety of wilderness activities. The wilderness experience suppliers listed in this guide offer such recreational activities as canoeing and kayaking, whitewater float trips, backpacking expeditions, survival sports and rock climbing.

Every effort has been made to ensure that the most up-to-date information is given. PLEASE NOTE THAT ALL RATES QUOTED ARE SUBJECT TO CHANGE. To avoid disappointment, it is advisable to make enquiries and book as early as possible. Most operators indicated that reservations are required or recommended.

For your convenience, outfitters are listed in alphabetical order by nearest city or town, under Ontario's 12 regional travel association areas. The boundaries are indicated on the following map.

CANOEING:

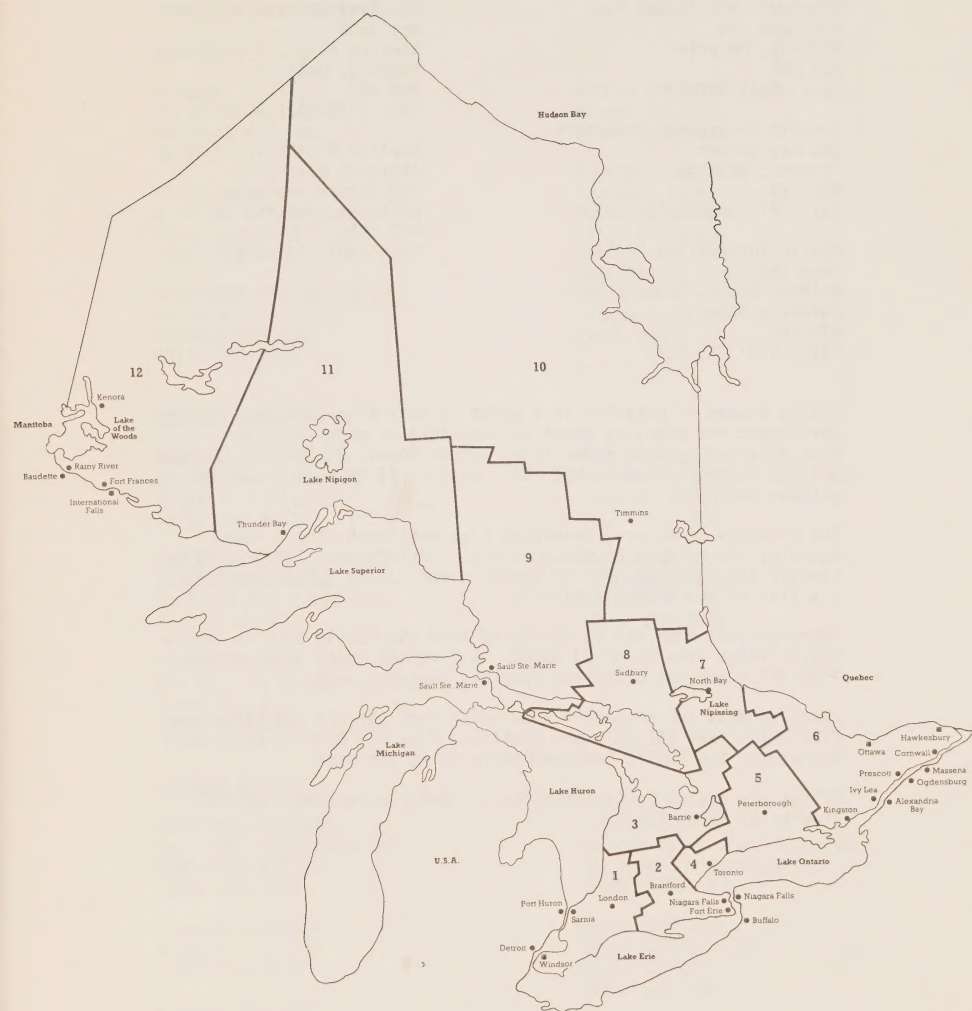

The innumerable lakes and rivers in Ontario make the province one of the most attractive places to canoe. There are placid waters for the amateur canoeist, as well as whitewater expeditions for the more adventurous.

There are numerous canoe outfitters in the province who will be happy to provide you with everything you need for your canoeing holiday. In this booklet, they are classified as offering: CANOE RENTAL ONLY (provides canoes, paddles and lifejackets), PARTIAL OUTFITTING (provides basic canoe rental plus minor tenting equipment if so desired) or COMPLETE OUTFITTING (provides basic canoe rental plus complete tenting equipment and food if desired).

The approximate cost of canoe rentals (including paddles and lifejackets) ranges from \$8.00 to \$25.00 per day and complete outfitting ranges from \$20.00 to \$55.00 per day depending on the number in the party and/or length of the trip.

Should you wish a planned package canoe trip, we suggest you contact the outfitters listed in this publication or your travel agent.

SURVIVAL SPORTS

There are variations between operators, but basically this sport is an outdoor adventure game for adults, divided into two teams, and using marking pistols & water-soluble dye pellets, protective goggles & maps, play "capture the flag" and other survival-type games in the woods. A game usually runs about 1 to 2 hours, and there are several individual games played per day. 1-50 people can look to play this exciting group activity. Players should be in good health. Games must be pre-booked, and in most cases, a deposit is required.
